About Us

Incepted in the year **1976**, we, **Mittal Technopack Private Limited**, are one of the leading manufacturers and suppliers of a comprehensive range of **Poly Woven Products**. These products are based on quality **PP/HDPE** and meet industry standard. We provide our range in various specifications, which can be customized as per the requirement of clients. Furthermore, by offering quality products to our clients, we have gained an annual turnover amount around US\$ 0.25-1 Million (Rs. 1-4 Crore (INR) approx).

We are supported with advanced manufacturing unit, which is equipped with advanced machines and help us in providing quality products to our clients. This plant has commenced its production in 2004 and produce 400 MT per month fabric & bags. To offer innovative and international standard products to our clients, we have developed sophisticated research and development unit. We also have established a wide supply chain network across the country that help us in meeting the bulk demand of clients within a committed time frame.

Moreover, our organization is supervised by the **Agarwal Family**. Under the able guidance of our Manager of the company, **Mr. Anjan Bhattacharya**, we have carved a niche for ourselves in the industry. He has vast industry experience in this domain and helps us in meeting the exact requirement of clients in the best possible manner. Due to our quality conscious approach, timely delivery...
